

COMMUNICATING OR/MS

The Writing and Presenting Activities

ORGANIZED BY:
Marilène Cherkesly
Carlos Zetina
Mathieu Gruson
Rosemarie Santa

THE WRITING ACTIVITY IS BACK!

AFTER TWO SUCCESSFUL EDITIONS IT WILL INCLUDE A PRESENTING ACTIVITY

The writing and presenting activities are a great opportunity to learn and experience the peer-reviewed publishing and presenting process guided by experienced peers. It includes a presentation by Prof. Laporte on writing scientific papers and includes two group meetings with peers and a faculty member to share ideas and guide the writing process. It also includes a presentation and guided workshops by oral communication expert Sylvie Hertrich. Moreover, it will equip students to prepare their presentations on the LaTeX class Beamer.
